

S223E CAN'T LAPAC POST TELEPHONE BID

CAUSE: Entered a "Y" in the LAPAC POST field on SDOC and the SOLICITATION CODE on RQS2 is T.

SOLUTION: Enter an "N" in the LAPAC POST field. (Telephone bids may not be posted to LaPAC.)

S226E CAN'T CHG LAPAC POST STAT >325

CAUSE: Entered a "Y" in the LAPAC POST field on SDOC and the status is greater than 325.

SOLUTION: Change status to less than 325, then change LAPAC POST flag to "Y".

S227E CAN'T PRINT-LAPAC POST PENDING

CAUSE: Trying to print a re-bid solicitation and the LaPAC POST? field on SDOC is a "P".

SOLUTION: Wait until the LaPAC POST? field is changed to 'Y' after successful posting of the solicitation to LaPAC before trying to print the re-bid solicitation. Refresh your screen by inquiring on the record to determine if the solicitation has been posted and the LaPAC POST ? field is changed to 'Y'.

S228E SOL POST PENDING, CAN'T CHG FLAG

CAUSE: Trying to change the LaPAC POST? field on SDOC while the flag is "P".

SOLUTION: Wait until the LaPAC POST? field is changed to "Y" after successful posting of the solicitation to LaPAC, then change flag. Once a solicitation has been posted to LaPAC, you cannot change the flag to "N".

S315E ERROR. REINQUIRE AND TRY AGAIN

CAUSE: Trying to change the status of SDOC to a status greater than 325 while the LaPAC POST ? flag is 'P' (pending).

SOLUTION: Wait until the LaPAC POST ? field is changed to 'Y' after successful posting of the solicitation to LaPAC. Refresh your screen by inquiring on the record to determine if the solicitation has been posted and the LaPAC POST ? field is changed to 'Y'.

S318E CAN'T PRINT O/N, KONT AT 545

CAUSE: Entered status code 545 on KONT for an overnight print of a contract when the solicitation that created that contract is set to print overnight at status code 360.

SOLUTION: Wait until the solicitation has been printed in the nightly cycle, then print the contract.

SOLUTION: Print contract on-line with status code 540.

SOLUTION: Lower solicitation status, then set contract to print overnight.

S448E TIME IS INVALID

CAUSE: Entered a revised bid open time on SDO3 in an invalid format.

SOLUTION: Enter time in a hh:mm format.
